

International Alumnus of JSP (JSPia)

Objectives

To build a network for the basis of international exchange development to enhance the presence of the Japanese Society of Periodontology (JSP) in Asian countries by registering international students, presenters at JSP meetings, and researchers who work under supervision of JSP members as the International Alumnus of JSP (JSPia).

Activities

1. The activities of the JSP (academic meetings, updating of English-version website, etc.) are distributed by e-mail to establish the personnel basis for enhancement of international exchange activities.
2. A reunion party is planned in the JSP/Asian Pacific Society of Periodontology meeting to maintain attention/interest to the JSP.
3. Activation of international sessions at JSP academic meetings is promoted.

Member registration

Member registration should be made based on the recommendation by an individual's mentor who is the JSP board member. Three categories as follows are prepared.

Student member ; present post-graduate students in Japanese Universities

Candidate ; former post-graduate students in Japanese Universities
